December 2025

This Month in Preschool

In the spirit of the holidays, our storytelling focus this month will be "The Gingerbread Man" and perhaps we'll try our hand at making some gingerbread ourselves--but hopefully ours will stay put!

We will have a holiday program on December 18th. Due to space constraints, each student may invite 2 guests (younger siblings that can lap-sit are welcome and won't count as one of your guests). The kids are excited to sing for you!

Why Play?

"The drive to play freely is a basic, biological drive. Lack of free play may not kill the physical body, as would lack of air, food, or water, but it kills the spirit and stunts mental growth."
